

The William J. Larkin III Leadership Scholarship

This \$1,000 scholarship will be awarded to a CCHS graduating senior who demonstrates the characteristics that Attorney Bill Larkin was known for: leadership, community service, and above all kindness and respect for everyone he encountered. His law firm, Larkin Ingrassia, along with his family are looking to honor an unsung hero. We are looking to recognize a student whose quiet leadership makes a difference in developing community and spreading good will. The recipient must be one who respects and befriends all, extends themselves to help others and through their kindness, caring and dedication contributes significantly to their school community and perhaps the community at large. We are interested in honoring a student who we are confident will continue to make a difference, without seeking recognition, because they are one who by nature is a good person who promotes goodness.

Students interesting in applying should:

1. Fill-out the information requested below.
2. Submit a letter of recommendation from one of your teacher's attesting to your demonstration of the characteristics described above.
3. Write a brief essay describing how you have contributed to the CCHS community and perhaps the community at large through your caring, inclusiveness, and simple acts of kindness.
